| 164 | Statutory Declaration             |
| 165 | Independant Auditors' Report      |

The Directors have pleasure in submitting their report and the audited financial statements of the Group and the Company for the financial year ended 31 December 2011.

#### **PRINCIPAL ACTIVITIES**

The principal activity of the Company is investment holding.

The Group subsidiary companies are Cagamas Berhad ("Cagamas"), Cagamas MBS Berhad ("CMBS"), and Cagamas SRP Berhad ("CSRP").

The principal activities of Cagamas consist of purchase of mortgage loans, personal loans and hire purchase and leasing debts from primary lenders approved by Cagamas and the issue of bonds and notes to finance the purchases. Cagamas also purchases Islamic financing facilities such as home financing, personal financing and hire purchase financing and funded by issuance of Sukuk.

The principal activities of CMBS consist of purchases of mortgage assets and Islamic mortgage assets from the Government of Malaysia ("GOM") and issuance of residential mortgage-backed securities ("RMBS") and Islamic residential mortgage-backed securities ("IRMBS") to finance the purchases.

During the year, CSRP commenced its operations which consist of mortgage guarantee and mortgage indemnity business and other form of credit protection in relation to My First Home Scheme (Skim Rumah Pertamaku) initiated by the GOM.

Other than as declared above, there was no significant change in the nature of these activities during the financial year.

#### FINANCIAL RESULTS

| Group                                 | Company |
|---------------------------------------|---------|
| RM'000                                | RM'000  |
| Profit for the financial year 442,108 | 22,814  |

#### **DIVIDENDS**

The dividends paid by the Company since 31 December 2010 were as follows:

|   | RM'000          |
|---|-----------------|
| In respect of the financial year ended 31 December 2011:  |                 |
| <ul> <li>a first interim dividend paid on 27 May 2011</li> <li>a second interim dividend paid on 25 October 2011</li> </ul> | 16,875<br>5,625 |
|   | 22,500          |

#### **RESERVES AND PROVISIONS**

All material transfers to or from reserves and provisions during the financial year are shown in the financial statements.

#### RATING PROFILE OF THE BONDS AND SUKUK

RAM Rating Services Berhad ("RAM") assigned a rating of AAA/P1 to the bonds, notes and Sukuk issued by the Group. Malaysian Rating Corporation Berhad ("MARC") has assigned ratings of AAA/AAAID and MARC-1/MARC-1ID to bonds, notes and Sukuk issued by the Group. In addition, RAM and MARC have also assigned ratings of AAA and AAA/AAAID/AAAID/AAAIS respectively to the assets-backed Fixed Rate Serial Bonds and Sukuk Musyarakah issuance.

#### **RELATED PARTY TRANSACTIONS**

Most of the transactions of the Group involving mortgage loans, hire purchase and leasing debts, Islamic financing facilities as well as issuance of unsecured debt securities and Sukuk are done at arm's length with various financial institutions including that of substantial shareholders of the Company.

#### DIRECTORS

The Directors who have held office during the financial year since the date of the last report are as follows:

Dato' Ooi Sang Kuang (Chairman) Datuk George Ratilal Dato' Charon Wardini Mokhzani Dato' Sri Abdul Wahid Omar Dato' Mohd Razif Abd Kadir Tang Wing Chew Tan Sri Dato' Sri Tay Ah Lek Cheah Tek Kuang Marzunisham bin Omar

(Deceased on 8.8.2011) (Resigned on 12.8.2011) (Appointed on 12.8.2011) (Appointed on 12.8.2011) (Appointed on 12.8.2011)

In accordance with Articles 19.13 and 19.14 of the Company's Articles of Association, Dato' Charon Wardini Mokhzani retires by rotation at the forthcoming Annual General Meeting and, being eligible, offers himself for re-election.

In accordance with Article 19.10 of the Company's Articles of Association, Tan Sri Dato' Sri Tay Ah Lek, Cheah Tek Kuang and Marzunisham bin Omar who vacate office at the forthcoming Annual General Meeting and being eligible, offer themselves for re-election.

#### **DIRECTORS' BENEFITS**

During and at the end of the financial year, no arrangements subsisted to which the Group and the Company is a party, being arrangements with the object or objects of enabling the Directors of the Group and the Company to acquire benefits by means of the acquisition of shares in, or debentures of the Group and the Company or any other body corporate.

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than Directors' remuneration as disclosed in Note 34 to the financial statements) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest.

#### DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

According to the register of Directors' shareholdings, the Directors in office at the end of the financial year did not hold any interest in shares or options over shares in the Company or shares, options over shares and debentures of its related corporations during the financial year.

#### STATUTORY INFORMATION ON THE FINANCIAL STATEMENTS

Before the income statement and statement of financial positions of the Group and the Company were made out, the Directors took reasonable steps:

- (a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and
- (b) to ensure that any current assets, other than debts, which were unlikely to realise in the ordinary course of business, their values as shown in the accounting records of the Group and the Company had been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- (a) which would render the amounts to be written off for bad debts or the amount of the allowance for doubtful debts in the financial statements of the Group and the Company inadequate to any substantial extent; or
- (b) which would render the values attributed to current assets in the financial statements of the Group and the Company misleading; or
- (c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and the Company misleading or inappropriate.

At the date of this report, there does not exist:

- (a) any charge on the assets of the Group and the Company which has arisen since the end of the financial year which secures the liability of any other person; or
- (b) any contingent liability of the Group and the Company which has arisen since the end of the financial year.

No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may affect the ability of the Group and the Company to meet its obligations when they fall due.

At this date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements misleading or inapproriate.

#### STATUTORY INFORMATION ON THE FINANCIAL STATEMENTS (CONTINUED)

In the opinion of the Directors:

- (a) the results of the operations of the Group and the Company's operations during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (b) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and the Company for the financial year in which this report is made.

#### **AUDITORS**

Our auditors, PricewaterhouseCoopers, have expressed their willingness to continue in office.

Signed on behalf of the Board of Directors in accordance with a resolution of the Board of Directors.

DATO' OOI SANG KUANG CHAIRMAN

here whi

#### 1. GENERAL INFORMATION

The principal activities of the Company is investment holding.

The Group subsidiary companies are Cagamas Berhad ("Cagamas"), Cagamas MBS Berhad ("CMBS") and Cagamas SRP Berhad ("CSRP").

The principal activities of Cagamas consist of purchase of mortgage loans, personal loans and hire purchase and leasing debts from primary lenders approved by Cagamas and the issue of bonds and notes to finance the purchases. Cagamas also purchases Islamic financing facilities such as home financing, personal financing and hire purchase financing and funded by issuance of Sukuk.

The principal activities of CMBS consist of the purchases of mortgage assets and Islamic mortgage assets from the Government of Malaysia ("GOM") and issuance of residential mortgage-backed securities ("RMBS") and Islamic residential mortgage-backed securities ("IRMBS") to finance the purchases.

The principal activities of CSRP consist of mortgage guarantee and mortgage indemnity business and other form of credit protection in relation to My First Home Scheme (Skim Rumah Pertamaku) initiated by the GOM.

The Company is a public limited liability company, incorporated and domiciled in Malaysia.

The addresses of the registered office and principal place of business is Level 32, The Gardens North Tower, Mid Valley City, Lingkaran Syed Putra, 59200 Kuala Lumpur.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### 2.1 Basis of preparation

The financial statements of the Group and the Company has been prepared under the historical cost convention unless otherwise indicated in this summary of significant accounting policies in accordance with the Financial Reporting Standard ("FRS"), the Malaysian Accounting Standard Board ("MASB") Approved Accounting Standards for Entities Other than Private Entities and comply with the provisions of the Companies Act, 1965.

The financial statements incorporate those activities relating to the Islamic operations of the Group.

The Islamic operations of the Group refer to the purchase of Islamic house financing debts, Islamic hire purchase debts, Islamic mortgage assets and Islamic personal financing from approved originators, issuance of Sukuk under Shariah principles, and acquisition, investment and trading of Islamic financial instruments.

The preparation of financial statements in conformity with FRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reported financial year. It also requires Directors to exercise their judgement in the process of applying the Company's accounting policies. Although these estimates are based on the Directors' best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note 3 to the financial statements.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.1 Basis of preparation (continued)

- (a) Standards, amendments to published standards and interpretations of existing standards that are applicable to the Group and the Company and are effective:
  - Amendment to FRS 7 "Financial instruments: Disclosures improving disclosures about financial instruments".

Changes to the above standard has resulted in additional disclosures in the financial statements of the Group and the Company.

- (b) Standards, amendments to published standards and interpretations to existing standards that are applicable to the Group and the Company but not yet effective;
  - (i) Financial year beginning on 1 January 2012

In the next financial year, the Group and the Company will be adopting the new IFRS-compliant framework, Malaysian Financial Reporting Standards ("MFRS"). MFRS 1 "First-time adoption of MFRS" provides for certain optional exemptions and certain mandatory exceptions for first-time MFRS adopters.

There is no significant impact arising from the transition from FRS to MFRS.

The revised MFRS 124 "Related party disclosures" (effective from 1 January 2012) removes the exemption to disclose transactions between government-related entities and the government, and all other government-related entities. The following new disclosures are now required for government-related entities:

- The name of the government and the nature of their relationship;
- The nature and amount of each individually significant transactions; and
- The extent of any collectively significant transactions, qualitatively or quantitatively.
- (ii) Financial year beginning on 1 January 2013
  - MFRS 9 "Financial instruments classification and measurement of financial assets and financial liabilities" (effective from 1 January 2013) replaces the multiple classification and measurement models in MFRS 139 with a single model that has only two classification categories: amortised cost and fair value. The basis of classification depends on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

The accounting and presentation for financial liabilities and for de-recognising financial instruments has been relocated from MFRS 139, without change, except for financial liabilities that are designated at fair value through profit or loss ("FVTPL"). Entities with financial liabilities designated at FVTPL recognise changes in the fair value due to changes in the liability's credit risk directly in other comprehensive income ("OCI"). There is no subsequent recycling of the amounts in OCI to profit or loss, but accumulated gains or losses may be transferred within equity.

The guidance in MFRS 139 on impairment of financial assets and hedge accounting continues to apply.

The initial application of this standard will result in the change in classification and measurement of financial assets currently classified as Available-for-Sale.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.1 Basis of preparation (continued)

- (b) Standards, amendments to published standards and interpretations to existing standards that are applicable to the Group and the Company but not yet effective; (continued)
  - (ii) Financial year beginning on 1 January 2013 (continued)
    - MFRS 13 "Fair value measurement" (effective from 1 January 2013) aims to improve consistency and reduce complexity by providing a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across MFRSs. The requirements do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards. The enhanced disclosure requirements are similar to those in MFRS 7 "Financial instruments: Disclosures", but apply to all assets and liabilities measured at fair value, not just financial ones.

There is no significant impact arising from the initial application of this standard.

 Amendment to MFRS 7 "Financial instruments: Disclosures on transfers of financial assets" (effective from 1 July 2011) promotes transparency in the reporting of transfer transactions and improve users' understanding of the risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position, particularly those involving securitisation of financial assets.

The initial application of this standard will result in additional disclosures in the financial statements.

 Amendment to MFRS 101 "Financial statement, presentation" (effective from 1 July 2012) requires entities to separate items presented in OCI in the statement of comprehensive income into two groups, based on whether or not they may be recycled to profit or loss in the future. The amendments do not address which items are presented in OCI.

The initial application of this standard will result in additional disclosures in the financial statements.

#### 2.2 Economic entities in the Group

(a) Subsidiaries

The Group financial statements consolidate the financial statements of the Company and all its subsidiaries. Subsidiaries are those corporations, partnerships or other entities in which the Group and the Company have power to exercise control over the financial and operating policies so as to obtain benefits from their activities, generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are consolidated using the purchase method of accounting except for certain business combination (as disclosed in 2.3) which were accounted for using the merger method as follows:

- subsidiaries that were consolidated prior to 1 April 2002 in accordance with Malaysian Accounting Standard 2 "Accounting for Acquisitions and Mergers", the generally accepted accounting principles prevailing at that time;
- business combinations consolidated on/after 1 April 2002 but with agreement dates before 1 January 2006 that meet the conditions of a merger as set out in FRS 1222004 "Business Combinations";

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.2 Economic entities in the Group

- (a) Subsidiaries (continued)
  - internal group reorganisations, as defined in FRS 1222004, consolidated on/after 1 April 2002 but with agreement dates before 1 January 2006 where:
    - the ultimate shareholders remain the same, and the rights of each such shareholder, relative to the others, are unchanged; and
    - the minorities' share of net assets of the Group is not altered by the transfer.
  - business combinations involving entities or businesses under common control with arrangement dates on/after 1 January 2006.

The Group has taken advantage of the exemption provided by FRS 1222004 and FRS 3 to apply these Standards prospectively. Accordingly, business combinations entered into prior to the respective dates have not been restated to comply with these Standards.

Under the purchase method of accounting, subsidiaries are fully consolidated from the date on which control is transferred to the Group and are de-consolidated from the date that control ceases.

Intragroup transactions, balances and unrealised gains in transactions between group of companies are eliminated. Unrealised losses are also eliminated but considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

The gain or loss on disposal of a subsidiary is the difference between net disposal proceeds and the Group's share of its net assets as of the date of disposal including the cumulative amount of any exchange differences that relate to the subsidiary companies, and is recognised in the consolidated income statement.

(b) Joint venture company ("JV")

The Group's interest in a JV is accounted for in the consolidated financial statements through the equity method of accounting. Equity accounting involves recognising the Group's share of the post-acquisition results of the JV in the income statement and its share of post-acquisition movements in reserves.

#### 2.3 Special Purpose Entities ("SPE")

An SPE shall be consolidated when the substance of the relationship between an entity and the SPE indicates that the SPE is controlled by that entity. In the context of an SPE, control may arise through the pre-determination of the activities of the SPE (operating on "autopilot") or otherwise. The application of the control concept require, in each case, judgement in the context of all relevant factors.

Control over another entity requires having the ability to direct or dominate its decision-making, regardless of whether this power is actually exercised. Under the definitions of FRS 127, the ability to govern decision-making alone, however is not sufficient to establish control. The ability to govern decision-making must be accompanied by the objective of obtaining benefits from the entity's activities.

The Group has not consolidated BNM Sukuk and CSME since the Group has no power to exercise control over the financial and operating policies in the SPE and it does not obtain economic benefits from its activities.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.4 Amount due from counterparties and Islamic financing debts

The Group's main activities, inter alia, involve the purchase of, conventional and Islamic, mortgage loans, personal loans and hire purchase and leasing debts.

As at the statement of financial position date, amounts due from counterparties and Islamic financing debts in respect of mortgage loans, Personal loans and hire purchase and leasing debts are stated at their unpaid principal balances due to the Group. Interest/profit income on amount due from counterparties and Islamic financing debts is recognised on an accrual basis and computed at the respective interest/profit rates based on monthly rest.

#### 2.5 Mortgage assets and hire purchase assets

Mortgage assets and hire purchase assets are acquired by the Group from the originators at fair values. The originator acts as servicer and remits the principal and interest/profit income from the assets to the Group at specified intervals as agreed by both parties.

As at the statement of financial position date, mortgage assets and hire purchase assets are stated at their unpaid principal balances due to the Group and adjusted for unaccreted discount. Interest/profit income on the assets are recognised on an accrual basis and computed at the respective interest/profit rates based on monthly rest. The discount arising from the difference between the purchase price and book value of the mortgage assets and hire purchase assets acquired is accreted to the income statement over the term of the assets using the effective yield method.

#### 2.6 Available-for-sale ("AFS") investment securities

AFS investment securities are securities that are acquired and held for yield or capital growth and are usually held for an indefinite period of time, which may be sold in response to market conditions.

Purchases of investments are recognised on the date the Group and the Company contracts to purchase the investment. Investments are derecognised when the Group and the Company has contracted to sell the investment and has transferred substantially all risks and rewards of ownership.

AFS investment securities are carried at fair value on the statement of financial position with the cumulative fair value changes reflected under AFS reserve in equity, and recognised in the income statement when the investment securities are disposed of, collected or otherwise sold, or when the securities are determined to be impaired. The fair value of the AFS investment securities is derived from market indicative quotes or observable market prices at the reporting date.

The realised gains or losses on derecognition of AFS investment securities, which are derived based on the difference between the proceeds received and the carrying value of the securities plus any cumulative unrealised gains and losses arising from changes in fair value previously recognised in equity, are credited or charged to the current year's income statement.

See accounting policy on impairment of financial assets in Note 2.9 (a) to the financial statements.

Interest/profit income from AFS investment securities is recognised using the effective interest rate method. The amortisation of premium and accretion of discount on AFS investment securities are recognised as interest/profit income using the effective yield method.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.7 Investment in subsidiary and SPE

Investment in subsidiary and SPE are shown at cost. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. Note 2.9 to the financial statement describes the Group's accounting policy on impairment of assets and Note 3 details out the critical accounting estimates and assumptions.

#### 2.8 Property and equipment and depreciation

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight line basis to write off the cost of the assets over their estimated useful lives, with the exception of work-in-progress which is not depreciated. Depreciation rates for each category of property and equipment are summarised as follows:

| Office equipment       | 20 - 25% |
|------------------------|----------|
| Motor vehicles         | 20%      |
| Furniture and fittings | 10%      |

Subsequent costs are included in the asset's carrying amount or recognised as separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial year in which they are incurred.

At each statement of financial position date, the Group assesses whether there is any indication of impairment. If such indications exist, an analysis is performed to assess whether the carrying amount of the asset is fully recoverable. A write down is made if the carrying amount exceeds the recoverable amount. The Group's accounting policy on impairment of non-financial assets is reflected in Note 2.9 (b) to the financial statements.

Gains and losses on disposals are determined by comparing proceeds with carrying amounts and are included in profit/(loss) from operations.

#### 2.9 Impairment of assets

- (a) Financial assets
  - (i) Assets carried at amortised cost

The Group assesses at each statement of financial position date whether there is objective evidence that an asset is impaired. An asset is impaired and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows of the asset that can be reliably estimated.

The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the income statement.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.9 Impairment of assets (continued)

- (a) Financial assets (continued)
  - (i) Assets carried at amortised cost (continued)

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the previously recognised impairment loss is reversed by adjusting the allowance account. The amount of the reversal is recognised in the income statement.

(ii) Assets classified as AFS

The Group assesses at each statement of financial position date whether there is objective evidence that a financial asset or group of financial assets is impaired. If any such evidence exists, the cumulative loss, measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised, is removed from equity and recognised in the income statement. If, in the subsequent period, the fair value of a debt instrument classified as AFS investment securities increases and the increase can be objectively related to an event occurring after the impairment loss was recognised in the income statement, the impairment loss is reversed through the income statement.

(b) Non-financial assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to depreciation or amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. The impairment loss is charged to the income statement, unless it reverses a previous revaluation in which it is charged to the revaluation surplus. Any subsequent increase in recoverable amount is recognised in the income statement.

#### 2.10 Income recognition

Interest income for conventional assets and income on Islamic assets are recognised using the effective interest/profit rate method. Accretion of discount is recognised on an effective yield basis. Guarantee and wakalah fee income are recognised upon the issuance of the guarantee, based on the straight line method.

#### 2.11 Premium and discount on unsecured bearer bonds, notes and sukuk

Premium on unsecured bearer bonds, notes and sukuk represents the excess of the issue price over the redemption value of the bonds/Sukuk are accepted to the income statement over the life of the bonds/Sukuk on an effective yield basis. Where the redemption value exceeds the issue price of the bonds/Sukuk, the difference, being the discount is amortised to the income statement over the life of the bonds/sukuk on an effective yield basis.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.12 Income taxes

Current tax expense represents taxation at the current rate based on taxable profit earned during the financial year.

Deferred taxation is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred taxation assets are recognised to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences arising on investments in subsidiaries except where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred taxation is determined using tax rates (and tax laws) that have been enacted or substantially enacted by the statement of financial position date and are expected to apply when the related deferred taxation asset is realised or the deferred taxation liability is settled.

#### 2.13 Cash and cash equivalents

For the purpose of statement of cash flow, cash and cash equivalents comprise cash and bank balances and deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

#### 2.14 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

#### 2.15 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision maker. The chief operating decision maker is the person or group that allocated resources and assesses the performance of the operating segments of the Group. The Group has determined that the Chief Executive Officer of a subsidiary company, Cagamas Berhad to be the chief operating decision maker.

#### 2.16 Derivative financial instruments and hedge accounting

Interest rate swaps ("IRS") are used by the Group to hedge the issuance of its debt securities from potential movements in interest rates. Further details of the IRS are disclosed in Note 7 to the financial statements.

Fair value of IRS is recognised at inception on the statement of financial position, and subsequent changes in fair value as a result of fluctuation in market interest rates are recorded as derivative assets (favourable) or derivative liabilities (unfavourable).

For derivatives that are not designated as hedging instruments, losses and gains from the changes in fair value are taken to the income statement.

For derivatives that are designated as hedging instruments, the method of recognising fair value gain or loss depends on the type of hedge.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.16 Derivative financial instruments and hedge accounting (continued)

To apply hedge accounting, the Group documents at the inception the relationship between the hedging instrument and hedged item, including the risk management objective for undertaking various hedge transactions and methods used to assess the effectiveness of the hedge.

The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivative is highly effective in offsetting changes in the fair value or cash flows of the hedged items.

#### Cash flow hedge

The effective portion of changes in the fair value of a derivative designated and qualifying as a hedge of future cash flows is recognised directly in the cash flow hedge reserve, and taken to the income statement in the periods when the hedged item affects gain or loss. The ineffective portion of the gain or loss is recognised immediately in the income statement under "Non-interest income".

When a hedging instrument expires or is sold, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss existing in the cash flow hedge reserve remains until the forecast transaction is ultimately recognised in the income statement. When a forecast transaction is no longer expected to occur, the cumulative gain or loss in the cash flow hedge reserve is recognised immediately in the income statement.

#### 2.17 Provisions

Provisions are recognised when the Group and the Company have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made. Where the Group and the Company expect a provision to be reimbursed (for example, under an insurance contract), the reimbursement is recognised as separate asset but only when the reimbursement is virtually certain. Provisions are not recognised for the future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured as the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessment of the time value of money and the risk specific to obligation. The increase in the provision due to passage of time is recognised as interest expense.

#### 2.18 Zakat

Zakat or "alms giving" is mandatory for all muslims who possesses to minimum nisab.

The Group and the Company recognises its obligations towards the payment of zakat on business. Zakat for the current period is recognised when the Group and the Company has a current zakat obligation as a result of a zakat assessment. The amount of zakat expenses shall be assessed when the Group and the Company has been in operations for at least 12 months, i.e. for the period known as haul.

Zakat rates enacted or substantively enacted by the statement of financial position date are used to determine the zakat expense. The rate of zakat on business, as determined by National Fatwa Council for the financial year is 2.5% (2010: 2.5%) of the zakat base. The zakat base of the Company is determined based on the the profit after tax of each company within the group after deducting dividend income and certain non-operating income and expenses. Zakat on business is calculated by multiplying the zakat rate with zakat base. The amount of zakat assessed is recognised as an expense in the year in which it is incurred.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.19 Employee benefits

#### (a) Short-term employee benefits

Wages, salaries, paid annual leave, bonuses and non-monetary benefits are accrued in the financial year in which the associated services are rendered by the employees of the Group.

#### (b) Defined contributions plans

The Group contributes to the Employees' Provident Fund ("EPF"), the national defined contribution plan. The contributions to EPF are charged to the income statement in the year to which they relate. Once the contributions have been paid, the Group has no further payment obligations in the future. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

#### 2.20 Intangible assets

#### (a) Computer software

Acquired computer software and computer software licenses are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over their estimated useful lives of three to five years.

Costs associated with developing or maintaining computer software programmes are recognised when the costs are incurred. Costs that are directly associated with identifiable and unique software products controlled by the Group, which will generate probable economic benefits exceeding costs beyond one year, are recognised as intangible assets. Costs include employee costs incurred as a result of developing software and an appropriate portion of relevant overheads.

Computer software development costs recognised as assets are amortised using the straight line method over their estimated useful lives, not exceeding a period of 3 years.

#### (b) Service rights to transaction administrator and administrator fees

Service rights to transaction administrator and administrator fees ("Servicer Rights") represents secured rights to receive expected future economics benefits by way of transaction administrator and administrator fees for Residential Mortgage-Backed Securities ("RMBS") and Islamic Residential Mortgage-Backed Securities ("IRMBS") issuances.

Service rights are recognised as intangible assets at cost and amortised using the straight line method over the tenure of RMBS and IRMBS.

Computer software and service rights are tested annually for any indication of impairment. If such indications exist, an analysis is performed to assess whether the carrying amount of the asset is fully recoverable. A write-down is made if the carrying amount exceeds the recoverable amount. Computer software and service rights are carried at cost less accumulated amortisation and accumulated impairment losses. See accounting policy on impairment of non-financial assets in Note 2.9 (b) to the financial statements.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.21 RMBS and IRMBS

RMBS and IRMBS were issued to fund the purchases of mortgage assets and Islamic mortgage assets from the GOM. As at the statement of financial position date, RMBS and IRMBS are stated at amortised costs.

Interest expense on RMBS and profit attributable to IRMBS are recognised using the effective yield method.

#### 2.22 Share capital

#### (a) Classification

Ordinary shares are classified as equity. Other shares are classified as equity and/or liability according to the economic substance of the particular instrument.

Distributions to holders of a financial instrument classified as an equity instrument are charged directly to equity.

#### (b) Dividends to shareholders of the Company

Dividends on ordinary shares are recognised as liabilities when declared before the statement of financial position date. A dividend proposed or declared after the statement of financial position date, but before the financial statements are authorised for issue, is not recognised as a liability at the statement of financial position. Upon the dividend becoming payable, it will be accounted for as a liability.

#### 2.23 Functional and presentation currency

Items included in the financial statements of the Group and the Company are measured using the currency of the primary economic environment in which the entity operates (the "functional currency").

The financial statements are presented in Ringgit Malaysia, which is the Group's and Company's functional and presentation currency.

#### 2.24 Financial instruments

#### (a) Description

A financial instrument is any contract that gives rise to both a financial asset of an entity and a financial liability or equity instrument of another entity.

A financial asset is any asset that is cash, a contractual right to receive cash or another financial asset from another entity, a contractual right to exchange financial instruments with another entity under conditions that are potentially favourable, or an equity instrument of another entity.

A financial liability is any liability that is a contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial instruments with another entity under conditions that are potentially unfavourable.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 2.24 Financial instruments (continued)

#### (b) Fair value estimation for disclosure purposes

The fair value of publicly traded derivatives and securities is based on quoted market prices at the statement of financial position date.

In assessing fair values of another financial instruments, the Group uses a variety of methods and makes assumptions that are based on market conditions existing at each statement of financial position date. Quoted market prices or dealer quotes for the specific or similar instruments are used for long term debt. Other techniques, such as option pricing models and estimated discounted value of future cash flows, are used to determine the fair value for the remaining financial instruments. In particular, the fair value of financial liabilities is estimated by discounting the future contractual cash flows at the current market interest rate available to the Group for similar financial instruments.

The face value of financial assets (less any estimated credit adjustments) and financial liabilities with a maturity period of less than one year is assumed to approximate their fair values.

#### 2.25 Contingent liabilities and contingent assets

The Group and the Company do not recognise a contingent liability but discloses its existence in the financial statements. A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group and the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in the extremely rare case where there is a liability that cannot be recognised because it cannot be measured reliably.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group and the Company. The Group and the Company do not recognise contingent assets but discloses its existence where inflows of economic benefits are probable, but not virtually certain.

#### 3. CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with FRS requires the use of certain critical accounting estimates and exercise of judgement by management in the process of applying the Group's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of the asset and liability with the next financial year are outlined below.

#### (a) Fair value of derivatives and AFS investment securities

The estimates and assumptions considered most likely to have an impact on the Group's results and financial positions are those relating to the fair valuation of derivatives and unquoted AFS investment securities for which valuation models are used. The Group has exercised its judgement to select appropriate valuation techniques for these instruments. However, changes in the assumptions made and market factors used could affect the reported fair values.

#### 3. CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS (continued)

#### (b) Impairment of mortgage assets and hire purchase assets

The Group makes allowances for losses on mortgage assets and hire purchase assets based on assessment of recoverability. Whilst management is guided by the requirement of the FRS 139, management makes judgement on the future and other key factors in respect of the recovery of the assets. Among the factors considered are the net realisable value of the underlying collateral value and the capacity to generate sufficient cash flows to service the assets.

#### (c) Securitisation and SPE

The Group incorporates its SPE primarily for the purpose of asset securitisation transactions. The Group does not consolidate its SPE that it does not control. As it can sometimes be difficult to determine whether the Group controls an SPE, it makes judgements about its exposure to the risks and rewards, as well as about its ability to make financial and operational decisions for the SPE in question. In many instances, elements are present that, considered in isolation, indicate control or lack of control over an SPE, but when considered together make it difficult to reach clear conclusion. When assessing whether the Group has to consolidate an SPE, the Group evaluates a range of factors to determine control, including whether:

- (i) the Group will obtain the majority of the benefits of the activities of an SPE;
- (ii) the Group retains the majority of the residual ownership risks related to the assets in order to obtain the benefits from its activities;
- (iii) the Group has decision-making powers to obtain the majority of the benefits; or
- (iv) the activities of the SPE being conducted on behalf of the Group according to the Group's specific business needs so that the Group obtains the benefits from the SPE's operations.

The Group consolidates an SPE if the assessment of the relevant factors indicates that the Group has control over it.

#### (d) Discretionary bonus fee

The discretionary bonus fee to be paid to GOM is determined by CMBS by reference to guidelines, criteria and performance indicators deemed appropriate by CMBS. This is based on the performance by the GOM in discharging its servicing responsibilities until the point where the RMBS and/or IRMBS have been fully redeemed and all obligations and liabilities of CMBS in respect of the RMBS/IRMBS have been discharged.

#### 4. RISK MANAGEMENT OBJECTIVE AND POLICIES

Risk Management is an integral part of the Group's business and operations. It encompasses identification, measurement, analysing, controlling, monitoring and reporting of risks on an enterprise-wide basis.

The Group has streamlined risk management according to its business activities, and enhanced key controls to ensure effectiveness of risk management and its independence from risk taking activities.

The Group continues to develop its human resources, review existing processes and introduce new approaches in line with best practices in risk management. It is the Group's aim to create strong risk awareness amongst both its front-line and back office staff, where risks are systematically managed and the levels of risk taking are closely aligned to the risk appetite and risk-reward requirements set by the Board of Directors.

#### 4. RISK MANAGEMENT OBJECTIVE AND POLICIES (continued)

#### 4.1 Risk Management Structure

The Board of Directors has ultimate responsibility for management of risks associated with the Group's operations and activities. The Board of Directors sets the risk appetite and tolerance level that are consistent with the Group's overall business objectives and desired risk profile. The Board of Directors also reviews and approves all significant risk management policies and risk exposures.

The Board Risk Committee assists the Board of Directors by ensuring that there is effective oversight and development of strategies, policies and infrastructure to manage the Group's risks.

Management is responsible for the implementation of the policies laid down by the Board of Directors by ensuring that there are adequate and effective operational procedures, internal controls and systems for identifying, measuring, analysing, controlling, monitoring and reporting of risks.

The Risk Management Department is independent of other departments involved in risk-taking activities. It is responsible for reporting risk exposures independently to the Board Risk Committee and coordinating the management of risks on an enterprise-wide basis.

4.2 Credit risk management

Credit risk is the possibility that a borrower or counterparty fails to fulfil its financial obligations when they fall due. Credit risk arises in on balance sheet items such as lending and investments, and in off balance sheet items from guarantees and treasury hedging activities.

The Group manages its credit risk by screening borrowers and counterparties, stipulates prudent eligibility criteria and conducts due diligence on loans and financings to be purchased. The Group has in place an internal rating system which sets out the maximum credit limit permissible for each category of rating. The credit limits are reviewed periodically and are determined based on a combination of external ratings, internal credit assessment and business requirements. All credit exposures are monitored on a regular basis and non-compliance is independently reported to management and the Board of Directors for immediate remedy.

Credit risk is also mitigated via underlying assets which comprise of mortgage assets and hire purchase assets.

4.3 Market risk management

Market risk is the potential loss arising from adverse movements of market prices and rates. Market risk exposure is limited to interest rate risk only as the Group is not engaged in any equity, foreign exchange or commodity trading activities.

The Group controls its market risk exposure by imposing threshold limits. The limits are set based on the Group's risk appetite and the risk-return relationship. These limits are regularly reviewed and monitored. An Asset Liability Management System which provides tools such as duration gap analysis, interest sensitivity analysis and income simulation is used to monitor the interest rate risk.

Derivative instruments such as interest rate swaps are also used to manage and hedge market risk exposures against fluctuations in the interest rates.

#### 4. RISK MANAGEMENT OBJECTIVE AND POLICIES (continued)

4.4 Liquidity risk management

Liquidity risk arises when the Group and the Company do not have sufficient funds to meet its financial obligations when they fall due.

The Group mitigates its liquidity risk by matching the timing of purchases of loans and debts with issuance of debt securities or Sukuk. The Group plans its cash flow positions and monitors closely every business transaction to ensure that available funds are sufficient to meet business requirements at all times. In addition, the Group sets aside considerable reserve liquidity to meet any unexpected shortfall in cash flow or adverse economic conditions in the financial markets.

The Group's liquidity management process, as carried out within the subsidiary and monitored by related departments, includes:

- (a) Managing cash flow mismatch and liquidity gap limits which involves assessing all of the Group's cash inflows against its cash outflows to identify the potential for any net cash shortfalls and the ability of the Group to meet its cash obligations when they fall due;
- (b) Matching funding of loan purchases against its expected cash flow, duration and tenor of the funding;
- (c) Monitoring the liquidity ratios of the Group against internal requirements;
- (d) Managing the concentration and profile of funding by diversification of funding sources.

#### 5. CASH AND SHORT-TERM FUNDS

#### 7. DERIVATIVE FINANCIAL INSTRUMENTS

Interest rate swaps ("IRS") are used as hedging tools to support issuance of fixed rate bonds to fund floating rate purchases of mortgage loans. By entering into IRS, the Group is protected from adverse movements in interest rates since the Group pays the floating rate receipts from its floating rate purchases to and receives fixed rate payments from the swap counterparties. These fixed rate payments will then be utilised to pay interest on the fixed rate bonds issued.

The IRS are also used to hedge the Group's issuance of debt securities/sukuk in a rising interest rate environment. In the first leg of the transaction, the Group pays fixed rate interest and receives floating rate payments from the swap counterparties. On issuance of the debt securities, the Group unwinds the IRS transaction by taking an opposite position for the same amounts as in the first leg of the transaction. The IRS protects the Group in a rising interest rate environment since the Group will be receiving higher fixed rate as compared to the higher fixed rate that the Group is required to pay to the bondholders/sukuk holders.

The objective when using any derivative instrument is to ensure that the risk and reward profile of any transaction is optimised. The intention is to only use derivatives to create economically effective hedges. However, because of the specific requirements of FRS 139 to obtain hedge accounting, not all economic hedges are accounted for as accounting hedges, either because natural accounting offsets are expected or because obtaining hedge accounting would be especially onerous.

(a) Cash flow hedges

The Group has designated a number of IRS as cash flow hedges during the financial year. The total fair value of derivatives included within cash flow hedges at 31 December 2011 was a credit of RM58.3 million (2010: RM44.0 million).

(b) Fair value hedges

At present, the Group does not designate any derivatives as "fair value hedges".

(c) Net investment hedges

At present, the Group does not designate any derivatives as net investment hedges.

All derivatives financial instruments are held for economic hedging purposes. However, not all derivatives are designated as hedge instruments under the terms of FRS 139. The analysis below splits derivatives between those in accounting hedge relationships and those not in accounting hedge relationships.

Service rights are amortised on a straight line basis over the tenure of RMBS/IRMBS. The remaining amortisation period of the intangible assets ranges from 3 to 16 years (2010: 4 to 17 years).

#### **18. DEFERRED TAXATION**

Deferred taxation assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same tax authority. The following amounts, determined after appropriate offsetting, are shown in the statement of financial position.

|   | Group     |           | Company |          |
|---|-----------|-----------|---------|----------|
|   | 2011      | 2010      | 2011    | 2010     |
|   | RM'000    | RM'000    | RM'000  | RM'000   |
| Deferred taxation assets (before offsetting)      | 13,810    | 5,170     | 2       | _        |
| Deferred taxation liabilities (before offsetting) | (429,539) | (368,789) |         | (33,335) |
| Deferred taxation liabilities                     | (415,729) | (363,619) | -       | (33,335) |

The movements in deferred tax assets and liabilities of the Group during the financial year comprise the following:

| Investment in subsidiaries:  |                               |                                      |                           |                                 |
| Unquoted shares at cost  |                               |                                      | 4,081,628                 | 3,981,628                       |

The subsidiaries of the Company are as follows:

| Name    | Principal activities   | Interest in equity held by the company |
|---------|--|--|
| Cagamas | Consists of purchases of mortgage loans, personal loans and hire purchases<br>and leasing debts from primary lenders approved by Cagamas and the issue<br>of bonds and notes to finance the purchases. Cagamas also purchases<br>Islamic financing facilities such as home financing, personal financing and hire<br>purchase financing and funded by issuance of Sukuk. | 100%                                   |

#### 19. INVESTMENT IN SUBSIDIARIES (continued)

| Name | Principal activities   | Interest in equity<br>held by the company |
|------|--|---|
| CMBS | Purchase of mortgage assets and Islamic mortgage assets from the Government<br>of Malaysia ("GOM") and issuance of residential mortgage-backed securities<br>("RMBS") and Islamic residential mortgage-backed securities ("IRMBS") to<br>finance the purchases of mortgage assets and Islamic mortgage assets. | 100%                                      |
| CSRP | Mortgage guarantee and mortgage indemnity business and other form of credit protection in relation to My First Home Scheme (Skim Rumah Pertamaku) intiated by the GOM.   | 100%                                      |

#### 20. INVESTMENT IN SPECIAL PURPOSE ENTITIES ("SPE")

| Company                 | 2011<br>RM'000 | 2010<br>RM'000 |
|-------------------------|----------------|----------------|
| Investment in SPE:      |                |                |
| Unquoted shares at cost | _*             | _*             |

\* denotes RM4

The SPE of the Company are as follows:

| Name      | Principal activities  | Interest in equity held by the company |
|-----------|---|--|
| BNM Sukuk | The principal activities of the Company are to undertake the issuance of Islamic securities investment, namely BNM Sukuk Ijarah based on Syariah principles to finance the purchase of the beneficial interest of land and building from BNM and, thereafter to lease back the same land and building to BNM for the contractual period which is similar to the tenure of the BNM Sukuk Ijarah, and BNM Sukuk Murabahah based on Syariah principles via the issuance of trust Certificates to evidence investors' beneficial interest over commodity assets and its profit, arising from the sale of commodity assets to BNM. | 100%                                   |
| CSME      | Securitisation of small and medium enterprise credit facilities via cash or synthetic securitisations or a combination of both.   | 100%                                   |

The results and net assets of BNM Sukuk and CSME were not consolidated with the Company since the Group has no power to exercise control over the financial and operating policies in the SPE and it does not obtain economic benefits from its activities.

#### 21. INTEREST IN A JOINT VENTURE ("JV") COMPANY

|                             | 2011<br>RM'000 | 2010<br>RM'000 |
|-----------------------------|----------------|----------------|
| Group                       |                |                |
| Share of net assets of a JV | 53,079         | 51,852         |
| Company                     |                |                |
| Unquoted shares at cost     | 50,000         | 50,000         |

The Company has a 50% interest in a joint venture ("JV"), Cagamas HKMC Berhad ("CHKMC"), which provides mortgage guarantee and mortgage indemnity business and other form of credit protection. The following amounts represent the Company's 50% share of the net assets and liabilities, and results of the JV. They are included in the statement of financial position and income statement of the Group.

|                                    | 2011<br>RM'000 | 2010<br>RM'000 |
|------------------------------------|----------------|----------------|
| Group                              |                |                |
| Assets<br>Current assets           | 53,350         | 52,048         |
| Liabilities<br>Current liabilities | (271)          | (196)          |
| Net assets                         | 53,079         | 51,852         |
| Income<br>Expenses                 | 1,820<br>(337) | 1,602<br>(372) |
| Profit before taxation             | 1,483          | 1,230          |
| Taxation and zakat                 | (371)          | (308)          |
| Profit after taxation              | 1,112          | 922            |

There are no contingent liabilities relating to the Group's interest in the JV, and no contingent liabilities of the venture itself.

#### 22. UNSECURED BEARER BONDS AND NOTES

|       |                       | 2011             |                                 | 20                              | 2010                            |                                 |

#### 22. UNSECURED BEARER BONDS AND NOTES (continued)

The maturity structure of unsecured bearer bonds and notes are as follows:

|                           | 2011<br>RM'000 | 2010<br>RM'000 |
|---------------------------|----------------|----------------|
| Maturing within one year  | 1,023,021      | 1,429,490      |
| One year to three years   | 2,545,000      | 1,110,000      |
| Three years to five years | 1,470,000      | 2,325,000      |
| More than five years      | 4,830,000      | 5,175,000      |
|                           | 9,868,021      | 10,039,490     |

#### (a) Fixed rate bonds

The fixed rate bonds were redeemable at par on the due dates, unless previously redeemed, together with the accrued interest where applicable.

(b) Floating rate notes

Bonds with variable coupon plus a spread redeemable at par on the due dates.

(c) Short-term notes and medium-term notes

The short-term notes and medium-term notes are redeemable at par on the due dates, unless previously redeemed, together with the accrued interest where applicable.

#### 23. SUKUK (continued)

#### (a) Bithaman Ajil

Bithaman Ajil are issued under the Islamic principle of Bai' Bithaman Ajil with non-detachable secondary Sukuk. The non-detachable secondary Sukuk are redeemable on the due dates.

#### (b) Islamic commercial papers

Islamic commercial papers were issued by the Company based on various Islamic principles. These are short-term Islamic instruments with maturities ranging from 1 to 12 months and were issued at a discount or at par (coupon-bearing).

#### (c) Islamic medium-term notes

Islamic medium-term notes are long term papers issued by the Company based on various Islamic principles including Sukuk ALIm and variable rate Sukuk Murabahah. These Sukuk have tenures of more than 1 year and carry a profit which is determined at the point of issuance. Profit on these Sukuk is paid half-yearly/quarterly depending on issuance.

#### 24. RESIDENTIAL MORTGAGE-BACKED SECURITIES ("RMBS") (continued)

The maturity structure of the RMBS is as follows:

|                           | 2011<br>RM'000 | 2010<br>RM'000 |
|---------------------------|----------------|----------------|
| Maturing within one year  | 662,781        | 310,420        |
| One year to three years   | 725,000        | 645,000        |
| Three years to five years | 320,000        | 1,045,000      |
| More than five years      | 2,135,000      | 2,135,000      |
|                           | 3,842,781      | 4,135,420      |

The RMBS have the following features:

- (a) The subsidiary has an option to redeem partially the RMBS subject to the terms and conditions of each transaction.
- (b) The RMBS's interest is payable quarterly in arrears.
- (c) The RMBS are constituted by a Trust Deed made between CMBS and the Trustee, to act for the benefit of the bondholders.
- (d) The RMBS constitute direct, unconditional, unsubordinated and secured obligations of CMBS and rank pari passu without discrimination, preference or priority among themselves, but are subject to payments preferred under law and the Issue Documents.
- (e) The RMBS are issued on a limited recourse basis. Holders of the RMBS will be limited in their recourse to the underlying mortgage assets, the related collections and the proceeds from the enforcement of other securities related to the mortgage assets.

#### (b) Reconciliation of income tax expense

The tax on the Group and the Company profit before taxation and zakat differs from the theoretical amount that would arise using the statutory income tax rate of Malaysia as follow:

| Profit before taxation and zakat                        | 591,488 | 610,480  | 30,468 | 164,438 |
|---|---------|----------|--------|---------|
| Tax calculated at Malaysian tax rate of 25% (2010: 25%) | 147,872 | 152,620  | 7,617  | 41,110  |
| Expenses not deductible for tax purposes                | 202     | 783      | _      | -       |
| Income not subject to tax                               | (278)   | (201)    | -      | (182)   |
| Over provision in prior year                            | (72)    | (24,253) | 37     | Ì188́   |
| Deduction arising from zakat contribution               | (565)   | (425)    | -      | _       |
| Change in taxation basis                                | 24      | 25,598   | -      | _       |
| Expenses allowed for double deduction                   | (63)    | (142)    | -      | -       |
|   | 147,120 | 153,980  | 7,654  | 41,116  |

35.

#### 36. NET TANGIBLE ASSETS AND EARNINGS PER SHARE

The net tangible assets per share is calculated by dividing the net tangible assets of RM3,879,199,000 of the Group and RM4,132,767,000 of the Company respectively (2010: RM3,465,338,000 and RM4,132,453,000 for the Group and the Company respectively) by 150,000,000 shares of the Group and the Company in issue.

Basic and diluted earnings per share is calculated by dividing the profit for the financial year of RM442,108,000 of the Group and RM22,814,000 of the Company respectively (2010: RM455,663,000 of the Group and RM123,322,000 of the Company respectively) by 150,000,000 shares of the Group and the Company in issue. For the diluted earnings per share calculation, no adjustment has been made to weighted number of ordinary shares in issue as there are no dilutive potential ordinary shares.

#### **37. DIVIDENDS**

#### 38. SIGNIFICANT RELATED PARTY TRANSACTIONS AND BALANCES

#### (a) Related parties and relationships

The related parties and their relationships with the Company are as follows:

#### **Related parties**

Cagamas Berhad ("Cagamas") Cagamas MBS Berhad ("CMBS") Cagamas SRP Berhad ("CSRP") BNM Sukuk Berhad ("BNM Sukuk") Cagamas SME Berhad ("CSME") Cagamas HKMC Berhad ("CHKMC") Bank Negara Malaysia ("BNM") Key management personnel Entities in which key management personnel have control

#### **Relationships**

Subsidiary Subsidiary Special Purpose Entity ("SPE") Special Purpose Entity ("SPE") Joint venture Other related party Other related party Other related party

#### 38. SIGNIFICANT RELATED PARTY TRANSACTIONS AND BALANCES (continued)

#### (a) Related parties and relationships (continued)

BNM is regarded as a related party on the basis of having significant influence.

Key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group either directly or indirectly. The key management personnel of the Company include all the Directors of the Group and its holding company, certain members of senior management and their close family members.

Entities in which key management personnel have control are defined as entities that are controlled or significantly influenced by, or for which significant voting power in such entity resides with, directly or indirectly by key management personnel.

#### (b) Significant related party transactions and balances

Most of the transactions involving mortgage loans, personal loans, hire purchase and leasing debts and Islamic financing facilities as well as issuance of unsecured debt securities and Sukuk are transacted at arm's length with the shareholders of the Group. These transactions were carried out on commercial terms (i.e. terms and conditions obtainable in transactions with unrelated parties) and at market rates unless otherwise stated. These transactions have been disclosed on the statement of financial position and income statement of the Group.

Set out below are significant related party transactions which were conducted in the normal course of business.

|                          | 929            | 3,386          |

#### 41. MARKET RISK

#### 41.1 Interest/profit rate risk

Cash flow interest/profit rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest/profit rates. Fair value interest/profit rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest/profit rates. The Group takes on the exposure of the effects of fluctuations in the prevailing levels of market interest/profit rates on both its fair value and cash flow risks. Interest/profit margin may increase as a result of such changes but may reduce or create losses in the event that an unexpected movement in the market interest/profit rates arise.

The following tables summarise the Group's exposure to interest/profit rate risks. Included in the tables are the Group's assets and liabilities at carrying amounts, categorised by the earlier of contractual repricing or maturity dates. The carrying amounts of derivative financial instruments, which are principally used to reduce the Group's exposure to interest/profit rate movements, are included in "other assets" and "other liabilities" under the heading "non-interest bearing".

The tables represents a static position which provides an indication of the potential impact on the Group's statement of financial position through gap analysis of the interest/profit rate sensitive assets, liabilities and off-balance sheet items by time bands. A positive interest/profit rate sensitivity gap exists when more interest/profit sensitive assets than interest/profit sensitive liabilities reprice or mature during a given time period. Similarly, a negative interest/profit rate sensitivity gap exists when more interest/profit rate sensitivity gap exists when more interest/profit sensitive assets reprice or mature during a given time period. Similarly, a negative interest/profit rate sensitivity gap exists when more interest/profit rate sensitivity gap is to be funded by the Group's shareholders' funds, unsecured bearer notes or Sukuk or money market borrowings.

For decision-making purposes, the Group manages their exposure to interest/profit rate risk. The Group sets limits on the sensitivity of the Group's forecasted net interest income/income at risk to projected changes in interest/profit rates. The Group also undertakes duration analysis before deciding on the size and tenure of the debt securities/Sukuk to be issued to ensure that the Group's assets and liabilities are closely matched within the tolerance limit set by the Board.

#### 41. MARKET RISK (continued)

#### 41.1 Interest/profit rate risk (continued)

The table below summarises the sensitivity of the Group's financial instruments to interest rate movements. The analysis is based on the assumptions that interest rate will fluctuate by 100 basis points, with all other variables held constant.

| Group<br>RM'000                                  | –100 basis<br>points | +100 basis<br>points |

#### 42. CREDIT RISK

#### 42.1 Credit risk concentration

The Group's counterparties are mainly the GOM and financial institutions in Malaysia. The financial institutions are governed by the Banking and Financial Institutions Act, 1989 and the Islamic Banking Act, 1983 and are subject to periodic review by the BNM. The following tables summarise the Group's maximum exposure to credit risk by counterparty or customer or the industry in which they are engaged as at the statement of financial position date:

#### 42. CREDIT RISK (continued)

#### 42.2 Amount due from counterparties, Islamic financing debts, mortgage assets and hire purchase assets

All mortgage assets and hire purchase assets are categorised as either:

- neither past due nor impaired; or
- past due but not individually impaired.

The impairment allowance is assessed on a pool of financial assets which are not individually impaired.

Credit risk loans comprise amount due from counterparties, Islamic financing debts, mortgage assets and hire purchase assets which are due more than 90 days. The coverage ratio is calculated in reference to total impairment allowance and the carrying value (before impairment) of credit risk loans.

|  | 28,229            | 18,621             | 15,002             | 111,822          | 173,674           |

For the purpose of this analysis, an asset is considered past due and included above when payment due under strict contractual terms is received late or missed. The amount included is either the entire financial assets, not just the payment, of both principal and interest, overdue on Purchase-Without-Recourse ("PWOR") assets. This may result from administrative delays on the side of the borrower leading to assets being past due but not impaired. Therefore, loans and advances less than 90 days past due are not usually considered impaired, unless other information is available to indicate the contrary.

The impairment allowance on such loans is calculated on a collective, not individual basis as this reflects homogeneous nature of the assets, which allows statistical techniques to be used, rather than individual assessments.

For the financial year ended 31 December 2011, the Group has deemed it impracticable to disclose the financial effect of collateral for its mortgage assets and hire purchases assets.

The movement in impairment allowance during the year were as follows:

|                       |                               |                   | 2                             | 010 & 2011                      |

|   | 589,586 | 671,388  | 228,620       | 1,489,594 |

None of these assets are impaired nor past due but not impaired.

#### 42.4 Amount due from related company, SPE and holding company

None of these assets are impaired nor past due but not impaired.

#### 43. LIQUIDITY RISK

#### 43.1 Funding approach

Sources of liquidity are regularly reviewed to maintain a wide diversification of debt portfolios. This involves managing market access in order to widen sources of funding to avoid over dependence on a single funding source as well as to minimize cost of funding.

#### 43.2 Liquidity Pool

The Group's liquidity pool comprised the following cash and unencumbered assets:

| Group<br>RM'000        | Cash and<br>deposit in<br>licensed<br>financial<br>institutions | Derivative<br>financial<br>instruments | AFS<br>investment<br>securities | Mortgage<br>assets | Islamic<br>mortgage<br>assets | Other<br>available<br>liquidity | Total      |
|------------------------|---|--|---------------------------------|--------------------|-------------------------------|---------------------------------|------------|
| As at 31 December 2011 | 802,613   | -                                      | 2,062,487                       | 10,510,760         | 7,434,894                     | 11,243,972                      | 32,054,726 |
| As at 31 December 2010 | 232,510   | 2,848                                  | 1,489,594                       | 11,384,572         | 7,696,191                     | 11,248,551                      | 32,054,266 |

#### 43. LIQUIDITY RISK (continued)

#### 43.3 Contractual maturity of financial liabilities

The tables below present the cash flows payable by the Group under non-derivative financial liabilities by remaining contractual maturities at the date of the statement of financial position. The amounts disclosed in the table are contractual undiscounted cash flow, whereas the Group manages the liquidity risk based on a different basis.

|   |                               | Remaining of              | contractual                  | maturities        |                    |            |
|---|-------------------------------|---------------------------|------------------------------|-------------------|--------------------|------------|
| Group<br>RM'000<br>2011                 | On demand<br>up to<br>1 month | One to<br>three<br>months | Three to<br>twelve<br>months | One to five years | Over<br>five years | Total      |
| Liabilities                             |                               |                           |                              |                   |                    |            |
| Unsecured bearer bonds and notes        | 14,564                        | 219,569                   | 1,135,574                    | 5,420,955         | 6,151,098          | 12,941,760 |

#### 43. LIQUIDITY RISK (continued)

#### 43.4 Derivatives liabilities

The Group's derivatives comprise IRS held by a subsidiary, for which net cash flows are exchanged, held for hedging purposes. The derivatives held by the subsidiary is settled on a net basis.

The following table analyses the subsidiaries' derivative financial liabilities that will be settled on a net basis into relevant maturity groupings based on the remaining period at the date of the statement of financial position to the contractual maturity date. Contractual maturities are assessed to be essential for an understanding of all derivatives. The amounts disclosed in the table below are the contractual undiscounted cash flows.

| Group<br>RM'000                    | On demand<br>up to<br>1 month | One to<br>three<br>months | Three to<br>twelve<br>months | One to<br>five<br>years | Over<br>five<br>years | Total    |

#### 44. FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments comprise financial assets, financial liabilities and off-balance sheet financial instruments. Fair value is the amount at which a financial asset could be exchanged or a financial liability settled, between knowledgeable and willing parties in an arms length transaction. The information presented herein represents the estimates of fair values as at the date of the statement of financial position.

Where available, quoted and observable market prices are used as the measure of fair values. Where such quoted and observable market values are not available, fair values are estimated based on a number of methodologies and assumptions regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows and other factors. Changes in the assumptions could materially affect these estimates and the corresponding fair values. In addition, fair value information for non-financial assets and liabilities such as property and equipment are excluded, as they do not fall within the scope of FRS7, which requires the fair value information to be disclosed.

The derivative financial instruments become favourable (assets) or unfavourable (liabilities) as a result of fluctuations in market interest rates relative to their terms. The extent to which instruments are favourable or unfavourable and the aggregate fair values of derivative financial assets and liabilities can fluctuate significantly from time to time.

#### 44. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

#### 44.1 Fair value of financial instruments

The estimated fair values of the Group's financial instruments approximated their carrying values in the statement of financial position except for the following:

|   |                | 2011          | 20                | 010           |
|---|----------------|---------------|-------------------|---------------|
| Group<br>RM'000                             | Carrying value | Fair<br>value | Carrying<br>value | Fair<br>value |

| Hire purchase assets:                       |                |               |                   |               |
| <ul> <li>Conventional</li> </ul>            | 52             | 75            | 761               | 758           |
| – Islamic                                   | 21,221         | 22,586        | 25,463            | 25,506        |
|   | 29,153,606     | 30,716,350    | 30,286,444        | 31,422,367    |
| Liabilities                                 |                |               |                   |               |
| Unsecured bearer bonds and notes            | 9,688,021      | 9,877,465     | 10,039,490        | 10,439,339    |
| Sukuk                                       | 10,585,467     | 10,742,244    | 10,651,329        | 10,792,463    |
| RMBS  | 3,842,781      | 4,036,711     | 4,135,420         | 4,280,168     |
| IRMBS                                       | 3,382,798      | 3,442,405     | 3,382,798         | 3,384,279     |
|   | 27,499,067     | 28,098,825    | 28,209,037        | 28,896,249    |

The following methods and assumptions were used to estimate the fair value of financial instruments as at the statement of financial position date:

#### (a) Cash and short-term funds

The carrying amount of cash and short-term funds is used as reasonable estimate of fair values as the maturity is less than or equal to a month.

#### (b) Amounts due from counterparties

The fair value of the fixed rate assets portfolio is based on the present value of estimated future cash flows discounted at the prevailing market rates of loans with similar credit risk and maturities at the statement of financial position date. The fair value of the floating rate assets portfolio is based on their carrying amount as the repricing date of the floating rate assets portfolio is not greater than 6 months.

#### 44. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

#### 44.1 Fair value of financial instruments (continued)

#### (c) Mortgage assets and hire purchase assets

The fair value of the mortgage assets and hire purchase assets are derived at using the present value of future cash flows discounted based on the mortgage assets market yield to maturity at the date of the statement of financial position.

#### (d) AFS investment securities

The fair value of the AFS investment securities is derived from the market indicative quotes or observable market prices at the date of the statement of financial position.

#### (e) Islamic financing debts

The fair value of the Islamic financing debts is based on the present value of estimated future cash flows discounted at the prevailing market rates of loans with similar credit risk and maturities at the date of the statement of financial position.

#### (f) Other financial assets

Other financial assets include other debtors and deposits. The fair value of other financial assets is estimated at their carrying amount.

#### (g) Unsecured bearer bonds, notes and Sukuk

The estimated fair value of unsecured bearer bonds, notes and Sukuk is based on the estimated future cash flows discounted using current yield curve derived based on the quoted market prices at the statement of financial position date. The fair value of notes is estimated at their carrying amount as notes have maturity of less than one year.

(h) Amount due (to)/from subsidiary companies, JV and SPE

The estimated fair value of amount due (to)/from a related company approximated their book value due to short tenure of less than one year.

(i) RMBS and IRMBS

The estimated fair value of RMBS and IRMBS is based on the estimated future cash flows discounted using current yield curve appropriate for the remaining term of maturity.

(j) Other financial liabilities

Other financial liabilities include creditors and accruals. The fair value of other financial liabilities is estimated at their carrying amount.

#### (k) Derivatives financial instruments

The estimated fair value of the IRS is based on the estimated future cash flows discounted using the market interest rate at the statement of financial position date.

#### 44. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

#### 44.2 Fair value hierarchy

Comparatives figures are not presented for 31 December 2010 by virtue of paragraph 44G of FRS 7.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).

- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### 45. SEGMENT REPORTING

The Chief Executive Officer (the chief operating decision maker) of Cagamas Berhad makes strategic decisions and allocation of resources centrally on behalf of the Group. The Group has determined the following operating segments based on reports reviewed by the chief operating decision maker in making its strategic decisions:

#### (a) Purchase With Recourse ("PWR")

The PWR scheme consists of purchase of mortgage loans, personal loans, hire purchase and leasing debts and Islamic financing facilities such as home financing, hire purchase financing and personal financing from the primary lenders approved by the Group. The loans and financing are acquired with recourse to the primary lenders should the loans and financing fail to comply with agreed prudential criteria.

#### (b) Purchase Without Recourse ("PWOR")

Under the PWOR scheme, the Group purchases the mortgage assets and hire purchase assets from counterparty on an outright basis for the remaining tenure of the respective assets purchased. The purchases are made without recourse to counterparty, other than certain warranties to be provided by the seller pertaining to the quality of the assets.

In each reporting segments, income is derived by seeking investments to maximise returns. These returns consist of interest and gains on the appreciation in the value of investments.

There were no changes in the reportable segments during the year.

# 47. CAPITAL ADEQUACY

The Group and the Company's objectives when managing capital, which is a broader concept than the "equity" on the face of the statement of financial position, are:

- (a) To align with industry best practices and benchmark set by the regulators;
- (b) To safeguard the Group and the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefit to other stakeholders; and
- (c) To maintain a strong capital base to support the development of its business.

The Group and the Company is not subject to the BNM Guidelines. However, disclosure of the capital adequacy ratios is made on a voluntary basis for information purposes.

Capital adequacy and the use of regulatory capital are monitored by the Group and the Company's management, employing techniques based on the guidelines developed by the Basel Committee and as implemented by BNM, for supervisory purposes.

The Group maintains a ratio of total regulatory capital to its risk-weighted assets which is computed in accordance with the BNM revised Risk-Weighted Capital Adequacy Framework (RWCA - Basel II).

The regulatory capital comprise of two tiers:

- (a) Tier 1 capital: share capital (net of any book values of treasury shares) and other reserves which comprise retained earnings and reserves created by appropriations of retained earnings; and
- (b) Tier 2 capital : comprise collective impairment allowances on mortgage assets and hire purchase assets and unrealised gains arising from fair valuation of financial instruments held as AFS.

Core capital ratio refers to the ratio of Tier 1 capital to risk-weighted assets. Risk-weighted capital ratio is the ratio of total capital base to risk-weighted assets.

The Group and the Company is not subject to the BNM Guidelines. However, disclosure of the capital adequacy ratios is made on a voluntary basis for information purposes.

#### 48. ISLAMIC OPERATIONS (continued)

#### (m) SHARIAH ADVISORS

The Group consults an independent Shariah advisor on an ad-hoc basis for all its Islamic products to ensure compliance with Islamic principles. In addition, the Group is required to obtain the approval of the Shariah Council of the regulatory bodies for its Islamic products.

#### 49. DISCRETIONARY BONUS FEE

In the respective Servicing Agreements signed between GOM, CMBS, Cagamas and the Trustee, CMBS agreed to pay GOM a discretionary bonus fee, out of the retained profits of CMBS, to be determined by CMBS in respect of the services provided by GOM, after the RMBS/IRMBS have been fully redeemed and all obligations and liabilities of CMBS in respect of the RMBS/IRMBS have been discharged.

#### 50. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

There were no significant events during the financial year ended 31 December 2011.

# 51. APPROVAL OF FINANCIAL STATEMENTS

The financial statements have been approved for issue in accordance with a resolution of the Board of Directors.

# Statement by Directors

pursuant to Section 169 (15) of the Companies Act, 1965

We, Dato' Ooi Sang Kuang and Datuk George Ratilal, being two of the Directors of Cagamas Holdings Berhad, state that, in the opinion of the Directors, the financial statements set out on pages 84 to 163 are drawn up in accordance with the provisions of the Companies Act, 1965 and the MASB Approved Accounting Standards in Malaysia for Entities Other than Private Entities, so as to give a true and fair view of the state of affairs of the Group and the Company as at 31 December 2011 and of the results and the cash flows of the Group and the Company for the financial year then ended.

Signed on behalf of the Board in accordance with a resolution of the Board of Directors:

DATO' OOI SANG KUANG CHAIRMAN

1 hour h DATUK GEORGE RATILAL DIRECTOR

# Statutory Declaration pursuant to Section 169 (16) of the Companies Act, 1965

I, Choy Khai Choon, being the Officer primarily responsible for the financial management of Cagamas Holdings Berhad, do solemnly and sincerely declare that the accompanying financial statements set out on pages 84 to 163 are, in my opinion, correct and I make this solemn declaration conscientiously believing the same to be true and by virtue of the provisions of the Statutory Declarations Act, 1960.

**CHOY KHAI CHOON** 

Subscribed and solemnly declared by the abovenamed Choy Khai Choon at Kuala Lumpur in Malaysia on 16 March 2012, before me.

K. Nermala COMMISSIONER FOR OATHS

# Independent Auditors' Report to the members of Cagamas Holdings Berhad (762047-P)

#### Report on the financial statements

We have audited the financial statements of Cagamas Holdings Berhad on pages 84 to 163, which comprise the statements of financial position as at 31 December 2011 of the Group and Company, and the statements of comprehensive income, changes in equity and cash flows of the Group and Company for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on Notes 1 to 51.

#### Directors' responsibility for the financial statements

The Directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with MASB Approved Accounting Standards in Malaysia for Entities Other than Private Entities and the Companies Act, 1965 for such internal control as the Directors determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements have been properly drawn up in accordance with MASB Approved Accounting Standards in Malaysia for Entities Other than Private Entities and the Companies Act, 1965 so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2011 and of its financial performance and cash flows for the year then ended.

# Independent Auditors' Report

to the members of Cagamas Holdings Berhad (762047-P)

#### Report on other legal and regulatory requirements

In accordance with the requirements of the Companies Act, 1965, in Malaysia, we also report that:

- a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- b) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purpose of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- c) Our audit report on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174 (3) of the Act.

#### Other matters

This report is made solely to the member of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.
